All you need to know about Junior FGASA

our aim

To reach, connect and inspire the youth in Southern Africa and the World, by exposing them to the unique Junior FGASA courses and learning materials

our goals

To ensure that all students who experience the FGASA Junior courses, make a significant difference in the world with regards to conservation and sustainability of our planet
We hope our youth become curious, accountable and responsible whilst living sustainably
To generate an interest in pursuing a future in Tourism, Guiding and Conservation
