FGASA REGIONAL BIRDING BIRD LISTS

FOR THE BIRD SLIDE AND SOUND ASSESSMENTS

This FGASA learner Regional Birding bird lists are provided for consultation when preparing for the FGASA Slide and Sound assessments. All slides shown for identification and sound recordings for identification included in the assessment will be selected from the species in the bird lists provided.

LEARNER BIRD LISTS FOR THE REGIONAL BIRDING GUIDE

1 FGASA Bird Core list

Area / Biome lists

2 Savanna bird list

3 Montane Grasslands bird list

4 Karoo bird list

5 Arid habitat bird list

6 Marine bird list

7 Forest bird list

8 Fynbos bird list

9 Albany thicket list

Neighbouring Country bird lists

10 Namibia bird list

11 Botswana bird list

12 Zimbabwe bird list

13 Mozambique bird list

14 Western Savanna bird list

You will be required to answer the slide and sound exam per biome as follows:

Biome	Slides	Sounds
Savanna:	80 species	80 species
Montane Grassland:	45 species	45 species
Karoo:	55 species	55 species
Arid habitat:	70 species	70 species
Forest:	45 species	45 species
Fynbos:	80 species	80 species
Albany Thicket:	70 species	70 species
Marine:	50 species	Not tested

FGASA BIRD CORE LIST

This core list consists of the more common birds occurring over a widespread geographical range, i.e. more than two biomes. Also included are the widely occurring endemic species and flagship species known to all.

S = SIGHT IDENTIFICATION IS SUFFICIENT. IT IS NOT NECESSARY TO KNOW THE VOCALISATION OF THAT SPECIFIC SPECIES.

	COMMON NAME	Sight Only		COMMON NAME	Sight Only
1	Common Ostrich		41	Brown-hooded Kingfisher	
2	Crested Francolin		42	Striped Kingfisher	
3	Natal Spurfowl		43	Giant Kingfisher	
4	Swainson's Spurfowl		44	Pied Kingfisher	
5	Common Quail		45	White-fronted Bee-eater

234	Sickle-winged Chat	S			
235	Familiar Chat	S			

SAVANNA BIRD LIST

Acacia and broad-leaved woodland mosaics found primarily in the north-eastern parts of the region. This biome description also includes the bird communities found along rivers, riparian woodland, marshlands, seasonal pans and man-made dams within the savanna biome.

S = ONLY SIGHT IDENTIFICATION IS NEEDED AND NOT CALLS.

* Note: these birds sound similar

IMPORTANT: Guides operating in the WESTERN SAVANNA do the Western Savanna Bird Slide & Sound Assessment and not the Savanna Bird assessment. Refer to the appropriate bird list.

38	Wing-snapping Cisticola				
39	Drakensberg Prinia				
40	Melodious Lark				

KAROO BIRD LIST

This biome encompasses the southwestern interior of the subcontinent, consisting of basically semi-desert shrublands with extensive areas of rocky outcrops and very little surface water. Includes the Succulent Karoo along the winter rainfall area of the west coast and the Nama Karoo in the summer rainfall interior.

S = SIGHT IDENTIFICATION IS SUFFICIENT. IT IS NOT NECESSARY TO KNOW THE VOCALISATION OF THAT SPECIFIC SPECIES.

	COMMON NAME	Sight Only		COMMON NAME	Sight Only

WESTERN SAVANNA BIRD LIST

Acacia and broad-leaved woodland mosaics and Kalahari Thornveld, found primarily in the north-western parts of the North-West Province. This biome description also includes the bird communities found along rivers, riparian woodland, marshlands, seasonal pans, man-made dams and grassland pockets within the WESTERN savanna biome. The North- West Parks, specifically Madikwe, Pilanesberg and Kgaswane, fall in this region.

S = SIGHT IDENTIFICATION IS SUFFICIENT. IT IS NOT NECESSARY TO KNOW THE VOCALISATION OF THAT SPECIFIC SPECIES.

* Note: these birds sound similar

** Note: not much difference

IMPORTANT: Guides operating in the Western Savanna do the Western Savanna Bird Slide & Sound Assessment and not the Savanna Biome assessment.
